

PRO M Connect Filter Cartridge | 150.0717.797

The Pro M Connect filter prevents scale formation, reduces chlorine from water, removes unpleasant odors, stabilizes good minerals, reduces pesticides, heavy metals and microplastics. RFID technology ensures that the Franke device sends a notification when the filter needs to be replaced.

Product Information

Sub-category	Water filter
Consumable sub-category type	cartridge
Type filtration	Active carbon
Filter performance	Limescale
Filter performance	Microplastics
Filter performance	Pesticides
Filter performance	Hormones
Filter performance	Pharmaceuticals
Filter performance	Rust and sediments
Filter performance	Odour
Filter performance	Chlorine
Filter performance	Heavy metals

Product Identification

Product family	None
Model range	PRO
